

# AZEEM HAIDER

ELECTRICAL ENGINEERING STUDENT

## CONTACT

- ☎ 0308 3076005
- ✉ azeemhaider1061@gmail.com
- 📍 Sadikabad City
- linkedin.com/in/azeem-haider-8098903b8

## EDUCATION

2025 - 2029  
KFUEIT

- Bachelors in electrical Engineering

## Languages

- English
- Urdu

## SKILLS

- Project Management
- Public Speaking
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Electrical Troubleshooting
- Problem Solving
- Electrical Circuit Solving

## PROFILE

Electrical Engineering student with strong interest in industrial electrical systems, maintenance, and automation. Seeking an internship to gain hands-on experience and apply academic knowledge while developing technical and professional skills in a real engineering environment..

## PROJECTS

- Active Scanning And Alert system to Calculate the distance and position of object using micro controllers
- Alert and Indication system using BC547 Npn Transistors
- Pcb layout Circuit Designs
- Electricity Bill Management System using C++
- Automatic Charger cutoff using LM358

## Softwares

- Proteus
- Arduino IDE
- Dev C++
- SPICE

## CERTIFICATES

- CERTIFICATE OF APPRECIATION AT IEEE
- ARDUINO PROGRAMMING BASICS CERTIFICATION
- INTRODUCTION TO POWER ELECTRONICS – GREAT LEARNING

## Activities

Actively engaged in hands-on circuit design and testing using breadboards and simulation tools such as Proteus. Participated in university lab work and group projects, focusing on circuit analysis and troubleshooting. Continuously improving technical skills through online courses and self-driven learning.
